

Asher Hill

ABOUT ME:

Birthday: March 19th 1991

Residence: Pickering, ON

Education: 1st Year Ryerson University (Occupational Health and Safety)

Began Skating: 1996

I have been skating competitively in dance and freeskate since I was 11 years old. I have competed nationally for freeskate in Pre-Novice to Junior and internationally and nationally for dance with my partner Kharis Ralph. We have had successful years on the junior international stage and we are competing this year on Senior international circuit. I am currently on the Senior National Team for the 2nd consecutive year and have been a two time Junior World team member. Coaching and choreographing is one of my career option that I would definitely like to pursue. With my skating experience in both freeskate and dance I think I can bring a good eye for quality and technique.

ACCOMPLISHMENTS:
