## REGISTRATION FORM – CSA SUMMER 2010

In conjunction with the Bowmanville Figure Skating Club

At the Clarington Skating Academy, our goal is to provide the best training environment possible for all levels of skaters, and we strive to address all aspects of the skaters' development. To successfully train a figure skater requires more than on ice training time. All factors must be considered, such as schooling, off ice training, nutrition, time management and more.

We offer years of combined coaching experience involving every level from the beginning skater up to and including National Champions. This experience is focused on developing each skater's needs and potential as an individual.

It takes more than one person to create a champion. With top-level coaches, choreographers and off ice trainers, nothing can be overlooked. You will get out of your sport what you put into it. If we all work together "we can make great things happen."

\*\* Code of Points and Well Balanced Program Criteria \*\*

With our judging system, scoring as many points as possible on each and every element is very important. At CSA, as part of our program, we offer a "Moves In The Field" session in order to promote improvement in areas such as spins, spiral sequences, footwork, quality of edges, turns, speed, stroking. During the "Moves In The Field" time, the skaters will work in groups with their coaches on these above noted areas of skating. This time will be instructed by your own coach and group lessons are encouraged.

Skater Name	
Parent/Guardian Name	
Address	
Phone #	
Email Address	
Date of Birth and Health Card #	
Medical Conditions (if any)
